

WHAT WE CAN DO **CATALOG**

INTRODUCTION

ON-DEMAND PRINTING AND
ENDLESS POSSIBILITIES

YOUR GUIDE TO THE PRODUCTS PRINTED BY CITY COPY

As a City Copy customer you have access to the most comprehensive set of products available in the digital print industry. Every product featured in this catalog is printed on high quality digital presses backed by our proprietary technology. With the rapid development in digital printing technology, there are always new products being introduced and new ideas for impressing your audience. Products such as “green” options, posters, brochures and flyers are just a few examples of our many new additions. You can even go a step further and add a cover gloss to any document for a finished professional look. Our print consultants are always available to help you brainstorm new ways of binding, folding and finishing your documents.

YOUR SATISFACTION IS ALWAYS GUARANTEED

Every product you print with City Copy is supported by our customer service and is promised to be printed and delivered as requested. If for any reason you have a problem, it becomes our problem the moment you call our Melbourne office at 03 9620 2343. You can also email (sales@citycopy.com.au). Our goal is to delight our customers each and every time they order.

HAVE YOUR CUSTOMERS CUSTOMIZE THEIR DOCUMENTS

With new variable data technologies, you can define certain areas of each printed piece that can be customized by the person doing the ordering. For example, a local branch of a national retailer can insert store hours and directions. Just give us a call and we'd be glad to arrange a demonstration of this exciting new technology.

KIT ITEMS WITH A CLICK

Our digital print center is co-located with a storeroom for items commonly kitted with printed materials. In one shipment customers can combine a document with associated items such as a learning aid, branded specialty item, book or any other required materials. It's an easy way to supply a classroom, deliver marketing materials to a local office or distribute items to multiple locations at once. For complete details on any of our products and services, just call 03 9620 2343.

We're available Mon-Fri from 9.15am - 5.00pm as our presses working on that hour only.

WHY CITY COPY

We always believe in these “3 things” since beginning. From time to time we revisit this list to see if it still holds true. We hope it does — and you can hold us to that.

1. Focus on producing quality print and all else will follow.

We always invest the best digital printers to give our customer the best print quality available in the market.

2. It's best to do one thing really, really well.

That is why we do not have any graphic design service because we focus on what we do best, PRINTING.

3. Fast print is better than slow print.

We invest a lot in softwares to make every print job run automatic and less mistake

With Special Instructions you can create many additional document types or apply special treatments that are not found on the City Copy catalog. Contact your account representative for more information, Following is just a sampling of what you can do with Special Instructions.

RING BINDER SPECIAL INSTRUCTIONS

- Shrink-wrap documents individually
- Package and shrink-wrap documents and binders separately
- Insert engineering folds into bound documents
- Insert documents into binders or binder pockets
- Insert CD's into binders or binder pockets

BOUND DOCUMENT SPECIAL INSTRUCTIONS

- Print head-to-head or head-to-toe
- Apply coatings to covers
 - Lamination gloss
 - Lamination matt
- Select non-standard sheet sizes, for example:
 - A4+ size 223x297mm
 - Letter size 215.9x279.4 mm
- Wire bind for landscape format (bind on short side)
- Choose extra-large wire bindings for high page counts

SINGLE SHEETS

- Apply coatings
 - Lamination gloss
 - Lamination matt
- Round corners on laminated sheets

SADDLE STITCH BOOKLETS

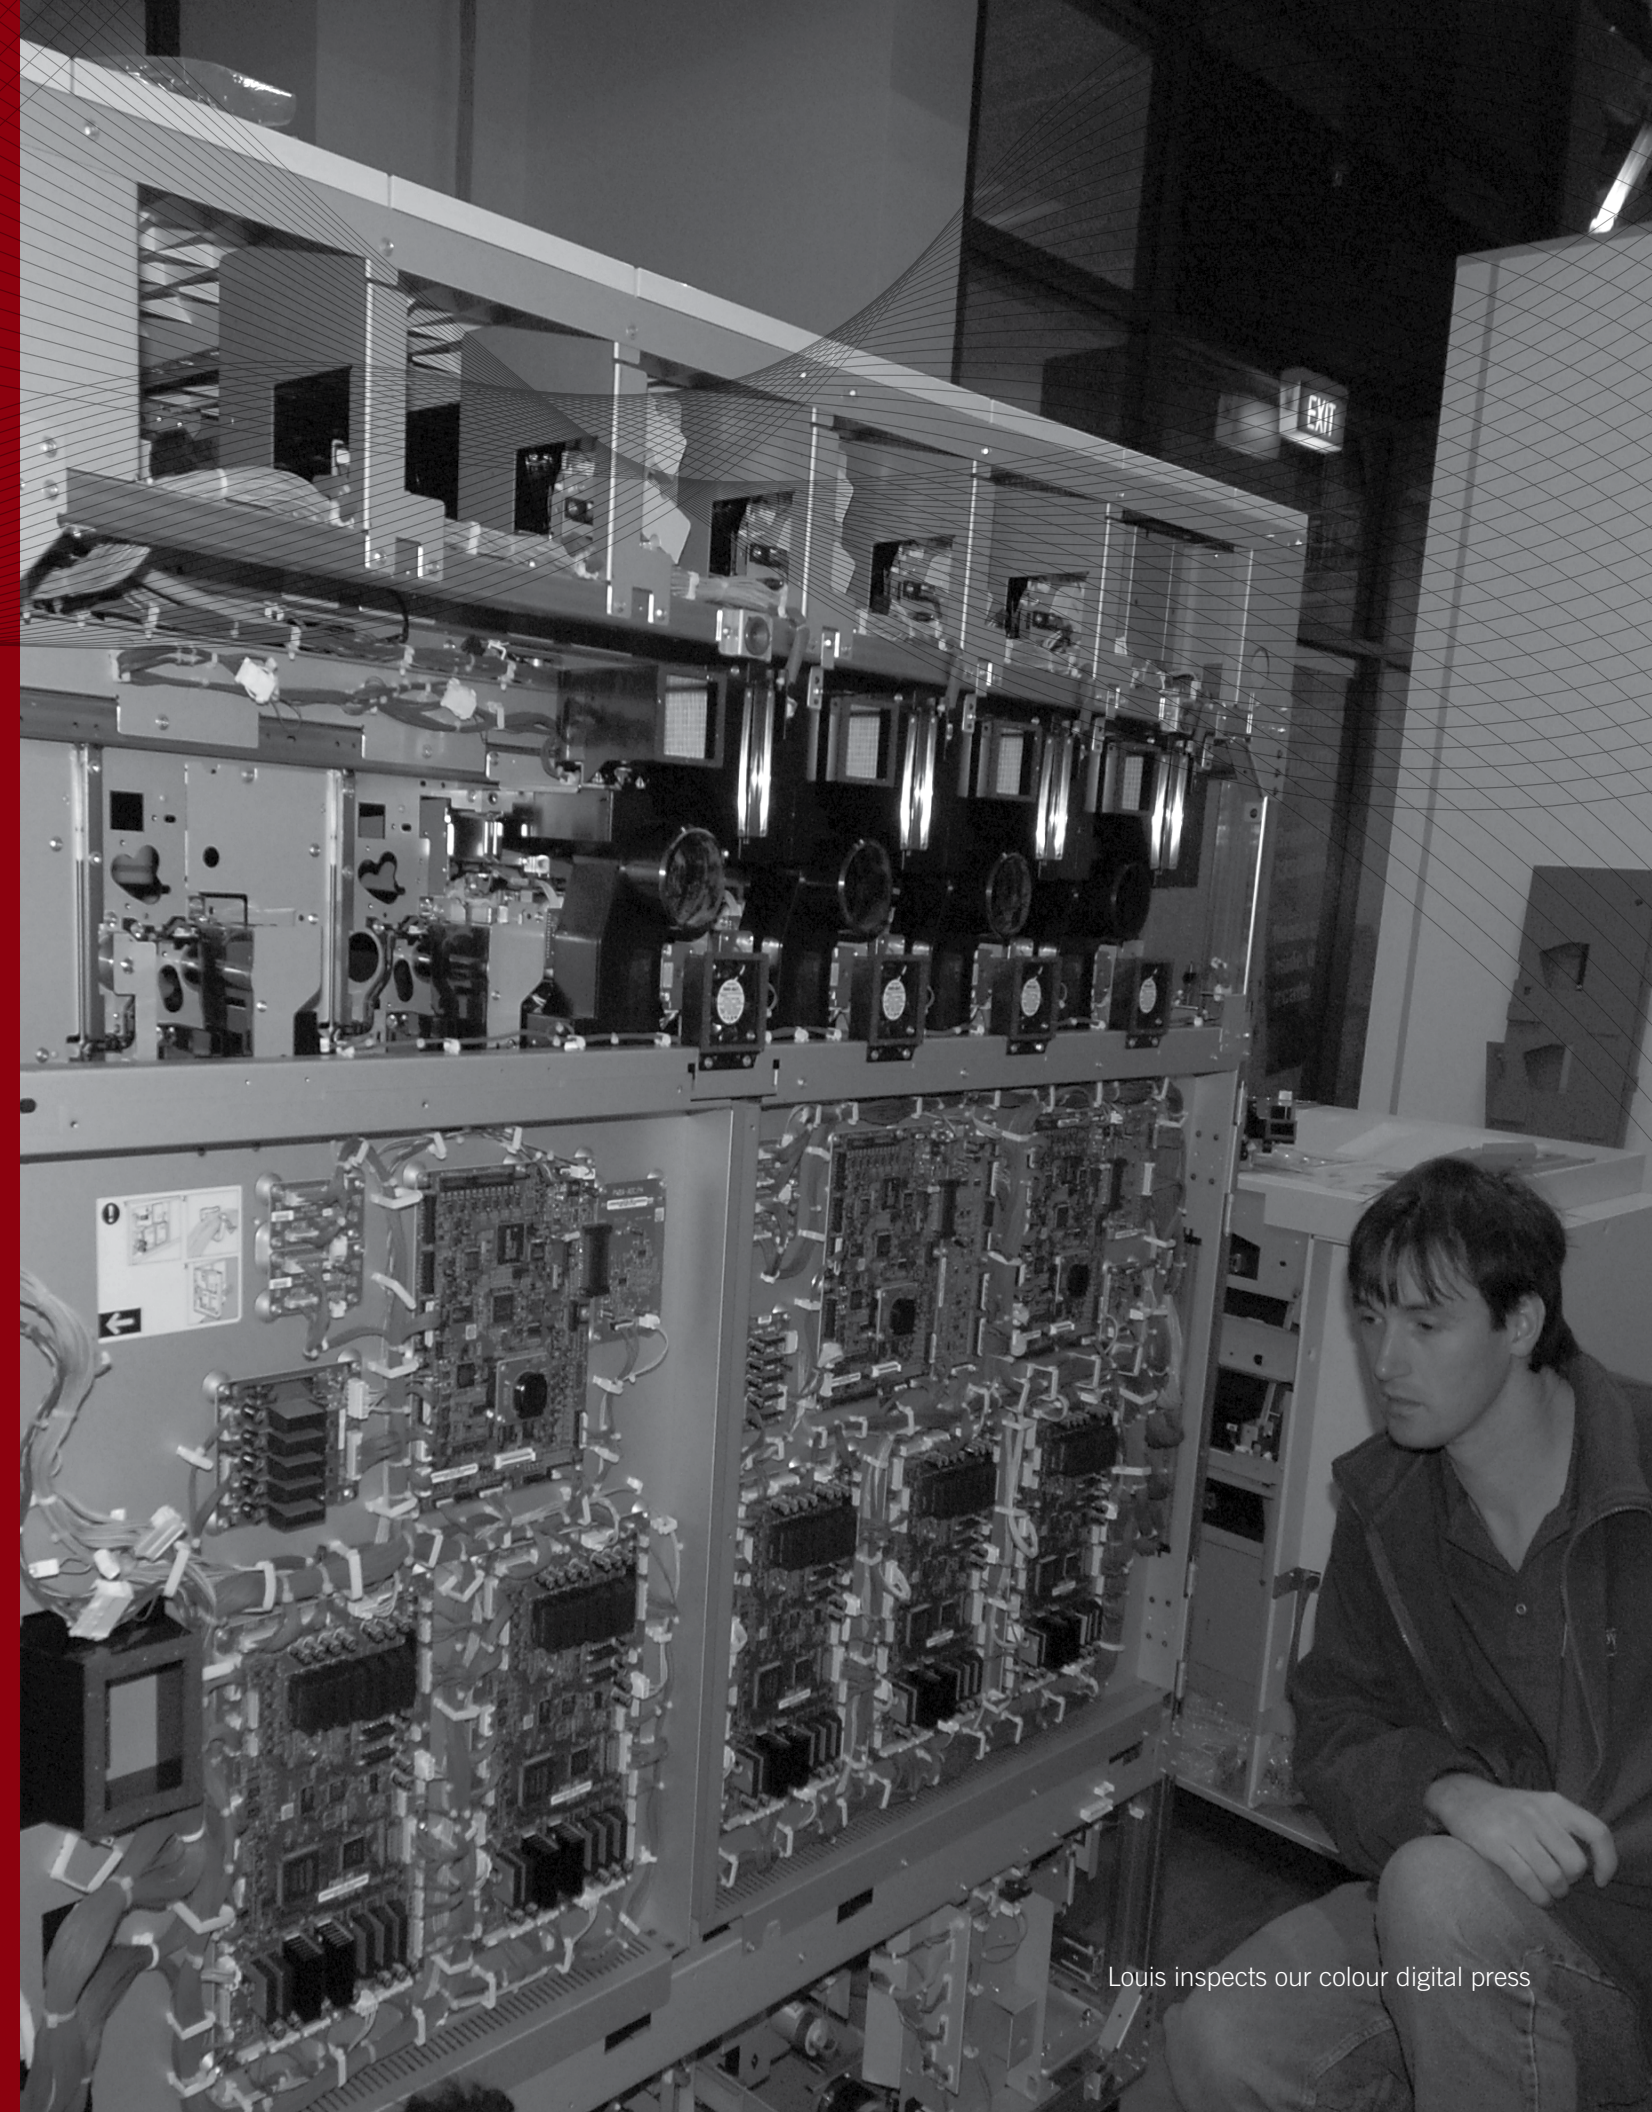

- Saddle stitch
 - A4 210x297mm
 - A5 148x210mm
 - A6 105x148mm
- Full bleed saddle stitch covers or all pages

CD'S

- Create CD's from documents
- Insert CD's into documents
- Duplicate CD with cover and sleeve

WAREHOUSING AND KITTING

- Warehouse your corporate items such as pens or pre-printed documents to be shipped with your order
- Warehouse items for building documents with your corporate look, for example:
 - Custom binders
 - Custom paper stocks
